- Community Testing Site hosted by Bayhealth at the DHSS State Services Center in Milford located at 253 NE Front Street: **Saturday, May 2 from 9:00 a.m. – 3:00 p.m.**
- Community Testing Site hosted by Beebe Healthcare in the parking lot between JD Shuckers and the Veteran's Administration off of Rt. 404 in Georgetown: **Saturday, May 2 from 9 a.m. – 1 p.m.**
- Community Testing Site hosted by Bayhealth at the DHSS State Services Center in Milford located at 253 NE Front Street: **Monday, May 4 from 9:00 a.m. – 3:00 p.m.**

The focus of community testing sites is **employees of essential businesses, family members of at-risk populations, those exposed to someone with COVID-19, or someone caring for a sick family member with COVID-19.** The testing sites involve both rapid and nasal swab testing, immediate case investigation for

positive cases, connection to a resource coordinator for services like food and housing for those who are positive, and care kits to be given to individuals being tested. Care kits will be given to people who have a high risk of household transmission and do not have the means to purchase the supplies themselves. A doctor's order or referral is not needed for these sites.

Each of the health care systems in Sussex County is participating in this community testing effort. There will be bilingual staff on site. Nanticoke Memorial Hospital also anticipates beginning community testing within the week and will provide details for their testing plan once details have been finalized.
